While social boating is now possible, people should only boat with members of their own household. Continue to pay particular attention to correct hand hygiene, cleaning of surfaces, cough/sneeze etiquette and physical distancing (social distancing) – keeping 2m between yourself and anyone not living in the same house / flat / boat as you.

IWAI has released an [infographic](#) on social distancing while boating.

Branches can only meet using technology e.g. skype/zoom meetings, conference calls, email discussions, WhatsApp discussions.

However, all IWAI organised events, with the exception of work parties, remain postponed and any events that do take place may not be covered by IWAI insurance at this time. If a branch wishes to organise a work party they must contact the Vice President in advance at vpresident@iwai.ie

Gatherings are limited to 6 persons max indoors and 15 persons max outdoors whilst maintaining social distancing and all other public health measures.

If you are feeling unwell, with a fever and/or cough, stay at home and phone your GP.

Executive will update this guidance as the situation develops but it is essential that members keep themselves informed using the information at the links above.
